

ORDER EXAMPLE

To correctly order this model follow the example specified below:

PRODUCT	SHV#200 005 R05 ST 9010 R12 COP 9010
SHV#200 005	Article code composed of Model, Height (200) and Number of elements (005)
R05	Connector code found in the table here below
ST	Standard Support code found in the table here below
9010	Colour code to be checked in the Tubes Colour Chart
R12	Connection code that defines the type of union for copper pipes or multi-layer pipes found herein at page 222
COP9010	Standard covering code and relative finish to be checked in the Tubes Colour Chart. The standard option provided is a standard covering and an aesthetic covering – both interchangeable – supplied without additional price charge with the same finish as the radiator ordered. For further information on possible variants see the table in the following page.

ACCESSORIES

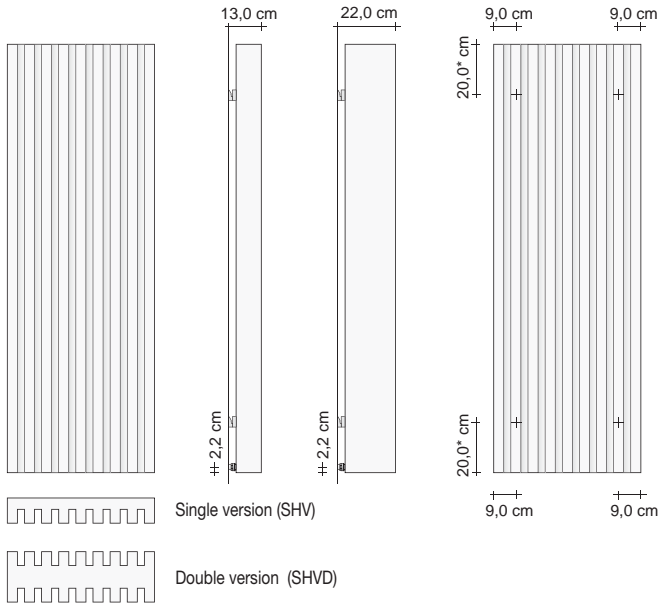

Cod. GVR	One way Remote Valve Assembly, CHROME finish
Cod. GVRC#*	One way Remote Valve Assembly, COLOUR finish*

* Specify the color code, e.g.: 9010, after checking the Tubes Colour Chart

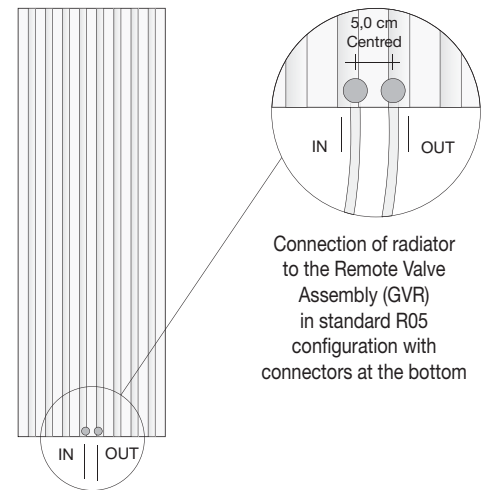

Aesthetic covering for SHV

CLOSED aesthetic covering for SHVD

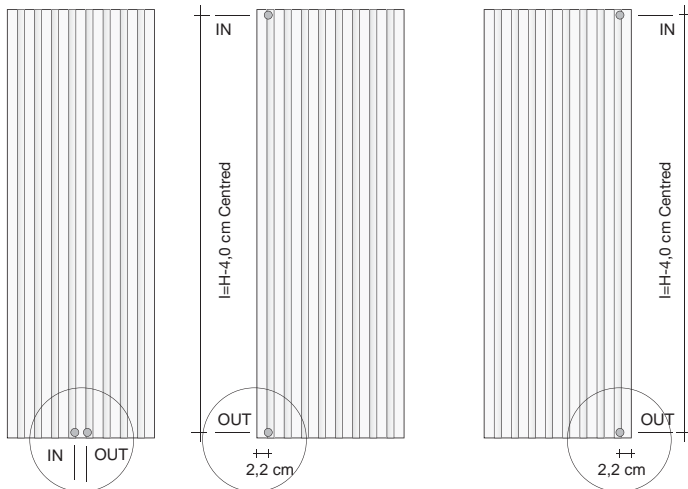

* This is the recommended size but you can position it where you like because the shelf slides up and down.

Connection of radiator to the Remote Valve Assembly (GVR) in standard R05 configuration with connectors at the bottom

Standard REAR CONNECTORS

They enable connection to the system via Remote Valve Assembly (GVR) and are supplied as an accessory. This type of connectors must be specified when placing the order, they are supplied WITHOUT an additional price charge

Standard connector R05
below at 5 cm

Standard connector RS1
Left side connection

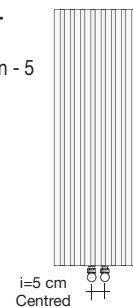

Standard connector RD1
Right side connection

EXTERNAL CONNECTORS – standard type

They enable connection to the system via Standard Valve and Lockshield and are supplied as an accessory. This type of connectors must be specified when placing the order, they are supplied WITH an additional price charge of €

Connector on request C05

Bottom connection - 5 cm centered

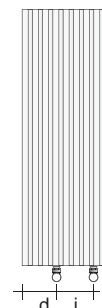

i=5 cm Centred

Standard connector B2M

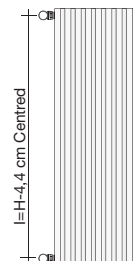

External bottom connection - CUSTOM MADE

in this case you need to specify "d" and "i" which must comply to the following:
i min.=5 cm
d min.=2,5 cm

Connector on request 0S2

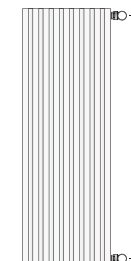

Left side connection

i=H-4.4 cm Centred

Connector on request 0D2

Right side connection

i=H-4.4 cm Centred

The prices found in the table refer to Anodized Silver Aluminium finish. For the Anodized BLACK and GREY TITANIUM version + 10%

Standard REAR CONNECTORS

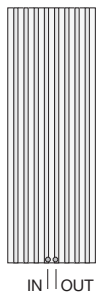

They enable connection to the system via Remote Valve Assembly (GVR) and are supplied as an accessory. This type of connectors must be specified when placing the order, they are supplied WITHOUT an additional price charge

EXTERNAL CONNECTORS – standard type

They enable connection to the system via Standard Valve and Lockshield and are supplied as an accessory. This type of connectors must be specified when placing the order, they are supplied WITH an additional price charge of €

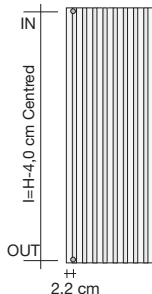

Standard connector R05

below at 5 cm

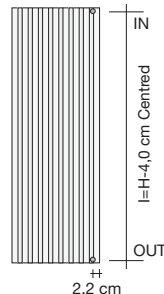

Standard connector RS1

Left side connection

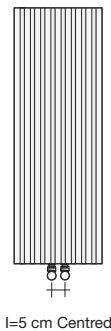

Standard connector RD1

Right side connection

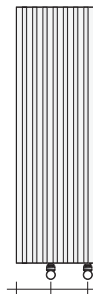

Connector on request C05

Bottom connection - 5 cm centered

Standard connector B2M

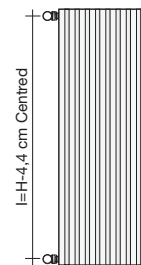

External bottom connection - CUSTOM MADE

in this case you need to specify "d" and "i" which must comply to the following:
i min.=5 cm
d min.=2,5 cm

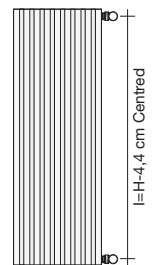

Connector on request OS2

Left side connection

Connector on request OD2

Right side connection

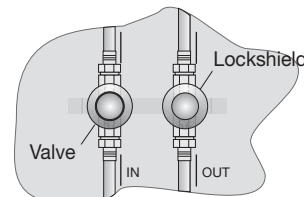

REMOTE VALVE ASSEMBLY

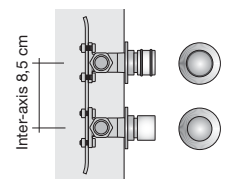

Valve and Lockshield assembly for remote connection (GVR), can be installed up to a maximum distance of 6 metres from the radiator.

Code	Description	Price (€)
GVR#	RECESSED valve and lockshield assembly for remote connection	
GVRC#	Valve and Lockshield assembly for recessed remote connection, COLOUR finish	

Connection to radiator

Connection of Remote Valve Assembly (GVR) to water system

COVERINGS

Description	Ordered with the radiator		Ordered after the Radiator	
	Code	Price (€)	Code	Price (€)
CLOSED aesthetic covering with the same colour as the radiator	COP (COL.FIN*)			
CLOSED aesthetic covering with a different colour from the radiator	COP (COL.FIN*)		COPSHE#..COP....	

* Colour/finish means you have to indicate the code of colour or finish required

SOHO HORIZONTAL ANODIZED

Single low water content radiator composed of horizontal elements entirely made of anodized aluminium

HW

ORDER EXAMPLE

To correctly order this model follow the example specified below:

PRODUCT

SHOA#200 005 Article code composed of Model, Height (200) and Number of elements (005)
OR1 Connector code found in the table here below
ST Standard Support code found in the table here below
ANAR Colour code to be checked in the Tubes Colour Chart
R12 Connection code that defines the type of union for copper pipes or multi-layer pipes found herein at page 222
COPCRO Standard covering code and relative finish to be checked in the Tubes Colour Chart.
 The standard option provided is a standard covering and an aesthetic covering – both interchangeable – supplied without additional price charge in glossy chrome finish. For further information on possible variants see the table in the following page.
